

## UPS1211-P

### Single Parallel Port Print Server

Direct attachable and bi-directional for easy printer sharing

#### FEATURES

- Single parallel port and direct attachable
- One 10/100Mbps auto speed fast Ethernet LAN port
- Supports TCP/IP, IPX, NetBEUI, AppleTalk, LPR, and SMB over IP\* multiple protocols
- Supports Bi-Directional Parallel port communication
- Easy to install and manage with Web Browser Management and Windows Administration utility
- Supports Windows 2000 / XP / 2003 / NT4.0 / Me / 98SE / 98 / 95 / Mac OS 8.1 or higher / UNIX / Linux NetWare ( Bindery/NDS) operation systems
- Share a printer with everyone on your network and work with most parallel printers
- Supports E-mail Alert, Print Job Control & Status, and Windows Print Monitor Technology features
- Stand-Alone print server, no dedicated PC required
- Compatible with both half and full duplex networks
- Integrated seamlessly with your Ethernet Network
- 1Mbyte Flash Memory and 2Mbyte SDRAM

#### Package Contents

- One Mini Single Parallel Port Print Server
- One Setup Utility CD-ROM
- One Quick Installation Guide
- One External AC Power Adapter

#### OVERVIEW

The UPS1211-P external print servers is a stand-alone device that enhance company capability by letting you place your printers, plotters, or other equality printers at convenient locations directly on your Ethernet network, and by increasing network printer resource sharing, performance and management.

The print servers support the Simple Network Management Protocol (SNMP), which remote printer management and a warning. A standard SNMP agent is permanent on these print servers. Any standard SNMP based application can be used to access and manage these print servers.

The print servers provide an embedded web server that can be accessed via a prop web browser. We also subsidiary Windows-based PSAdmin utility which help administrator to setup print server environment, for example, Netware, Windows 95/98/98SE/Me, Windows NT4.0/2000/XP /2003, Unix, Linux or Mac OS8.1 or higher operation systems.

This multi-protocol & multi-platform print server is compatible with most popular bi-directional parallel printers from Canon, Epson, Lexmark, HP, Samsung, Brother, Avison and other manufacturers. The Multi-protocol feature also provides an easy and convenient printer connection with different operation systems to share printing resource through a network.

A user-friendly setup wizard makes installation easy, the compact size design fits anywhere, and direct attachable parallel port bring efficiency to expend your network in one cost-effective device.

**SPECIFICATIONS**

System Specifications	
Host Interface	1 x Bi-directional Parallel Port ( DB-36-pin Male ) 1 X RJ-45 10/100M LAN Port
Network Protocol	TCP/IP, IPX, NetBEUI, AppleTalk, LPR, SMB over TCP/IP
Operating System	Windows 2000 / XP / 2003 / NT4.0 / Me / 98SE / 98 / 95 Mac OS8.1 or higher, UNIX/Linux, Netware 3.x/4.x/5.x (Bindery/NDS)
Management	Windows setup program ( PSAdmin) Web browser management Telnet configuration HP Web JetAdmin, HP JetAdmin
Printer Support	Laser, Bubble Jet, Ink Jet, Color, parallel Printers
Advanced Feature	DHCP Client Support, Print Job Control & Status Internet Printing Protocol (IPP), E-mail Alert SNMP agent, ECP Parallel port printing mode Firmware Upgrade, Windows Print Monitor Technology
System Memory	1Mbyte Flash / 2Mbytes SDRAM
LED Indicators	Power/ Status: Orange LAN Link: 10Mbps ( yellow) / 100Mbps ( green )
Power Supply	3.3VDC, 2A Mini-Size Power Adapter
Dimension	56 (L) x 52 (W) x 22 (H) mm
Weight	42 g
EMI Certifications	CE / FCC Class B

**Environment**

Operating Temperature	0°C to 55°C (32°F to 131°F)
Storage Temperature	-20°C to 70°C (-4°F to 158°F)
Operating Humidity	10% to 95% Non-Condensing
Storage Humidity	0% to 95% Non-Condensing

**Application Diagram****Multi-Protocol Network Print Server Application Diagram**

This single parallel port print server is attachable to the printer directly. It supports NetBEUI protocol for all Windows operating systems and other protocols for all popular platforms.

**ORDERING INFORMATIONS**

Model	Description
UPS1211-P	1-Parallel Port Mini-Size 10/100Mbps Print Server

*EUSO Technologies, Inc. is a dedicated data communication and networking company. With professional experiences in design, production, marketing and service support, we deliver the full range networking products including Gigabit Ethernet, Fiber Optic, Wireless LAN, Switches, Hubs, LAN cards, PCMCIA adapters, Converter, Transceivers. As well as Internet Telephony Gateway, Print Servers, Internet Sharing Servers and many others.*
